

Dear Homeowners,

The time has come to update the pavilion reservation procedures and use rules. As always there is no charge to the homeowners for using the pavilion. Unfortunately in the past there have been some issues with the condition it has been left in...tables moved, trash left on the ground, grills not cleaned after use, decorating hooks and staples left on posts and tables, etc.

At this time the Board of Directors feel the need to put in place a required deposit of \$50 (a check will do) to reserve the pavilion. As with most deposits, once the pavilion has been inspected for its condition your check will be returned.

Although in the past the pavilion may have been used without reservations, this sometime caused two groups to be there at once. To eliminate this in the future we request that you always make a reservation before use.

Thank you in advance from the HOA Board and your fellow homeowners for helping to make this pavilion a clean and pleasant place for your fellow neighbors.
